<tr>
<th><em>BMP Title:</em></th>
<th>Education Program: Post-Construction Stormwater Management in New Development and Redevelopment</th>
</tr>
</thead>
</table>
| *Audience(s) Involved:* | University of Minnesota Project Managers, assigned through the Capital Planning Project Management (CPPM) department, for each construction project.  
Architect/Engineers for each project. |
| *Educational Goals for Each Audience:* |  
**Project Managers:**  
1. University's standard "….of no net increase in storm water volume, rate or pollutant loads from new construction and redevelopment that add impervious surfaces”  
2. The Minnesota Pollution Control Agency (MPCA) requirement of a separate National Pollutant Discharge Elimination System (NPDES) construction permit for any construction site or common project that disturbs more than one acre. Projects on the UM-Duluth Campus (UMD) require permits including section addressing trout stream on campus (“special water”)  
3. NPDES construction permit requires specific water quantity and quantity standards be met for all projects that add more than one acre of impervious surface and for special waters in UMD.  
**Architect/Engineers**  
1. Design projects that meet University, MPCA and local jurisdictional requirements for water quality and water quantity.  
2. Incorporate post construction BMPs. |
| *Activities Used to Reach Educational Goals:* |  
**Project Managers:**  
Initial training of Project Managers  
Training for all new internal or external Project Managers  
Biannual training refreshers for all CPPM Project Managers  
**Architect/Engineers**  
Create fact sheet specifying University standards for construction projects of varying types, sizes and land disturbances  
Create submittal checklist to accompany project documents for review by DEHS  
Integrate items above into University Construction Standards |
| *Activity Implementation Plan:* |  
1. Training Program  
   Initial training of Project Managers in 2006  
   Training for all new internal or external Project Managers, ongoing  
   Biannual training refreshers for all CPPM Project Managers, 2008, 2010  
2. Fact Sheet Checklist development 2006  
3. Process to get Fact Sheet and Checklist to A/E for each project 2007  
4. Integration into the next revision of Construction Standards Next revision |
**Performance Measures:**
- Training Documents
- Fact sheet
- Checklist
- Construction Standards revision

**Responsible Party for this BMP:**
- **Name:** Assistant Director, Environmental Health & Safety (Andrew Phelan)
- **Department:** Environmental Health and Safety
- **Phone:** 612-626-7744
- **E-mail:** andyph@umn.edu
